MDL No. 2492

Master Docket No. 1:13-cv-09116

Judge John Z. Lee

Magistrate Judge Geraldine Soat Brown

**DECLARATION OF ALAN VASQUEZ
REGARDING DISSEMINATION OF NOTICE TO CLASS MEMBERS**

I, Alan Vasquez, hereby declare and state as follows:

INTRODUCTION

1. I am a Vice President of Legal Notification Services at Gilardi & Co. LLC (“Gilardi”), a KCC Class Action Services (“KCC”) company. In my role, I oversee Gilardi’s in-house advertising division specializing in the design and implementation of legal notice plans to reach unknown class members in class action litigation.

2. Gilardi was established in 1984 and is one of the largest full service class action notice and claims administrators in the United States. The in-house advertising division has specialized in designing, developing and implementing legal notification plans for more than 25 years. As such, we are familiar with, and guided by, Constitutional due process provisions, rules of states and local jurisdictions, and the relevant case law relating to legal notification. Media plans designed and implemented by our group have included both domestic and international newspapers and magazines, Internet-based banners, notices and websites, wire service, radio, television, point of purchase displays and direct mail. As V.P. of Legal Notification Services, I oversee all of the group’s activities as they relate to these notice services.

3. I have been involved in the development and implementation of media plans for class action notification for more than ten years. Prior to my engagement with Gilardi, I spent five years with another nationally recognized claims administrator serving in a similar capacity.

4. For several years, courts have accepted my expert testimony regarding our firm's quantitative and qualitative evaluation of judicially approved notice plans. I have also testified in person and was acknowledged as an expert in Larson v. Sprint Nextel Corp., No. 07-cv-05325 (D.N.J.). Media campaigns for which I have been directly responsible include, but are not limited to, Pappas v. Naked Juice, No. 11-cv-08276-JAK (C.D. Cal.), Mattel, Inc., Toy Lead Paint Prods. Liab. Litig., No. 07-ML-01897 (S.D. Cal.), Pecover, et al. v. Elec. Arts Inc., No. 08-cv-02820 (N.D. Cal.), New Motor Vehicles Canadian Export Antitrust Litig., No. MDL 03-1532 (D. Me.), and SRAM Antitrust Litig., No. 07-MD-01819 (N.D. Cal.). A more comprehensive list of notable matters for which I have been personally responsible for the notice planning and implementation services is attached as Exhibit 1. I have also spoken as faculty on various CLE panels related to class action notice and related trends.

5. I submit this declaration at the request of counsel in the above-referenced litigation in order to describe the results of implementing the first phase of the Court-approved Notice Plan and other notice services in this matter. I have personal knowledge of the matters set forth in this declaration and, if called as a witness, could and would testify competently thereto.

BACKGROUND

6. The proposed Settlement Class is defined as follows:

"All Persons who played an NCAA-sanctioned sport at an NCAA member institution on or prior to the Preliminary Approval Date."

7. Excluded from the Settlement Class are the NCAA and the NCAA's officers and directors; Class Counsel; the Special Master; and the judges who have presided over this Litigation. Individuals who otherwise meet the criteria of the class definition do not need to have been diagnosed with a concussion to be a member of the Settlement Class.

8. On information provided by the parties, Gilardi understands the class size is estimated to be approximately 4.2 million individuals.

9. The nature of the proposed settlement called for a tailored approach to providing notice to the Settlement Class. A description of some of the factors involved are as follows:

- a. **Long class period.** The class definition includes anyone who formerly played or currently plays an NCAA-sanctioned sport at the collegiate level. The NCAA was established more than one hundred years ago; thus, the age range for potential Class Members is broad and must be taken into consideration.
- b. **Long Medical Monitoring period.** Gilardi understands that the Medical Monitoring Period is a 50-year period, with the potential for additional notice to Class Members.
- c. **Wide range of sports involved.** While contact sports may be most often thought of when concussions come to mind, participants in other sports may sustain concussions. Many people who play sports at the college level are fans of sports in general, but the individuals who play sports other than football, basketball and baseball may principally follow different sports, requiring a different approach for providing notice.
- d. **Extensive news coverage of concussions.** Concussions have received extensive coverage both generally and in sports news. News stories have covered the issue from many angles, including changes to equipment, changes to protocol for treatment, and changes to the rules of different sports in an effort to reduce the number of concussions. In order to capitalize on such news coverage, the notice program must ensure that news outlets reporting on the issue are aware of this particular case and encourage these outlets to pass the Settlement Website URL on to their audiences.

NOTICE PLAN OVERVIEW

10. The objective of the Notice Plan was to provide the best notice practicable, consistent with the requirements set forth in Rule 23 of the Federal Rules of Civil Procedure and

all applicable state laws and court rules. The methods and tools used in developing this Notice Plan have been employed in many other court-approved notice plans.

11. Gilardi suggested a phased approach to the Notice Plan implementation: spending a portion of the notice budget, dependent on the amount of direct notice available at the onset of the notice period, and then monitoring both the paid and earned media over a 120 day period to evaluate the campaign's effectiveness before determining whether to spend the balance of the total Notice Plan budget. The approach contemplated and was designed to include time for the parties to work to obtain Class Member contact information from each individual NCAA member institution for direct notice. Once the amount of direct notice was evaluated, the amount of supplemental publication notice needed would be determined.

12. On the date required for notice commencement in the Preliminary Approval Order, no data was available for direct notice. The parties agreed to implement the media plan contemplated zero direct notice outlined in the chart in Exhibit 5 of my Declaration Regarding Dissemination of notice to Class Members filed on April 14, 2015 ("2015 Vasquez Declaration"). For reference, a copy of the chart is provided in Exhibit 2.

13. The Notice Plan consisted of efficient media vehicles to ensure a large percentage of potential Class Members had the opportunity to learn about their rights under the Settlement. Specifically, the first phase of the Notice Plan included the following elements:

- a. A print publication insertion in the national edition of *USA Today*;
- b. A print publication insertion in the national edition of *Sports Illustrated* magazine;
- c. Banner advertising utilizing behavioral audience targeting, contextual targeting, mobile inventory, and prospecting to reach likely Class Members;
- d. Banner advertising and text link advertising on Facebook.com;
- e. Promoted tweet advertising through Twitter.com;
- f. Banner advertising and text link advertising through the Google Display Network;

- g. A national, party-neutral press release;
- h. Direct notice to Class Members; and
- i. Development and maintenance of a case dedicated website.

NOTICE PLAN IMPLEMENTATION

14. **Print Publication.** The Notice Plan included inserting the publication or summary notice in the print editions of *USA Today* and *Sports Illustrated* magazine.

- a. Gilardi caused the summary notice to be published in the nationwide edition of *USA Today* on July 28, 2016. A tear sheet of the insertion is attached as Exhibit 3.
- b. Gilardi caused the summary notice to be published in the nationwide edition of *Sports Illustrated* magazine on August 25, 2016. A tear sheet of the insertion is attached as Exhibit 4.

13. As previously shown in the reach chart in Exhibit 6 of the 2015 Vasquez Declaration, one insertion in *USA Today* and *Sports Illustrated* was estimated to reach approximately 9.1% of the Class Members.

15. **Banner Advertising.** The Notice Plan further provided notice through banner advertising. Impressions were served using Audience/Behavioral Targeting, Contextual Targeting, and Prospecting. To ensure a minimum number of unique individuals were reached, Gilardi frequency capped the impressions to a limit of three times per Internet Protocol (“IP”) address.

16. In August 2016, Gilardi worked with Xaxis, a national provider of online banner advertising services, to develop the creative banner advertisements and launch the banner campaign. As of January 9, 2017, the campaign has served 28,700,318 impressions with 29,321

clicks through to the case website. The resulting .10% click through rate (“CTR”) is above the .06% average for this type of online advertising placement.¹

17. **Facebook Banner and Link Advertising.** Gilardi developed banner and text link ads to be targeted toward appropriate pages and individuals on Facebook. Specifically, Gilardi implemented interest targeting that aligned with an individual’s interest or participation in sports, particularly college sports, for the Facebook portion of the campaign. As of January 13, 2017, the campaign has served 3,060,575 impressions with 69,841 clicks through to the case website, reaching 1.5 million unique Facebook users with an interest in collegiate sports. Although we do not have benchmarks for CTR comparison, the Facebook portion of the campaign generated a 2.3% CTR which in our experience with similar programs is well above the average of 1% we typically see.

18. **Twitter Promoted Tweets.** Gilardi staff researched Twitter handles and hashtags related to sports and more specifically college athletics. The research included compiling an extensive list of Twitter account handles for every NCAA-sanctioned school in the country, and in some cases multiple handles for some of the schools. These handles and hashtags were used for the purpose of targeting the promoted tweet campaign impressions to individuals likely to be Settlement Class Members. As of January 13, 2017, the campaign has served 2,990,791 impressions with 24,715 clicks through to the Settlement Website, resulting in an above average CTR of .83%.

19. **Press Release.** Gilardi worked with the parties to create a party-neutral press release with information about the litigation and the proposed Settlement, as well as a link to the Settlement Website. The press release was issued on August 30, 2016. A total of 204 outlets posted the full text of the press release exposing the message to an audience of over 88 million.

¹ Google’s benchmark tool at <http://www.richmediagallery.com/tools/benchmarks> provides access to up-to-date industry benchmarks to help better plan and measure the success of display campaigns.

A copy of the Visibility Report from PR Newswire documenting the results of the press release is attached as Exhibit 5.

20. **Direct Notice.** During the notice period, the NCAA sent letters to its member institutions requesting that they upload any Class Member contact information to a secure website, separate from the informational Settlement Website. In November and December 2016, Class Counsel issued subpoenas to member institutions that requested subpoenas or had not yet provided the requested Class Member information. As of January 13, 2017, Gilardi has collected approximately 3.6 million records for potential Class Members from 913 NCAA member institutions. Dissemination of direct notice commenced on January 9, 2017 and will continue on a rolling basis for several weeks, as Gilardi continues to process Class Member contact information received from member institutions and add those records to the distribution list. Over 100 member institutions have requested extensions of the subpoena response deadline. Gilardi will process data provided by those member institutions as received and disseminate notice as soon as practicable. Of the schools that have requested extensions, we expect the vast majority will provide their data by January 31, 2017.

21. **Case Website.** On July 21, 2016, the Settlement Website found at <http://www.collegeathleteconcussionsettlement.com> went live and has been maintained on the internet ever since. The Settlement Website includes a home page with an explanation of the Settlement and a listing of Class Members' rights, options, and key dates, case documents, including the long-form notice, Settlement Agreement, and Preliminary Approval Order, among others, and answer to Frequently Asked Questions.

ADDITIONAL GILARDI NOTICE SERVICES

22. **Twitter Organic Tweets.** Gilardi defines organic tweets as tweets generated by Gilardi staff and not through the paid advertising platform that Twitter refers to as Promoted Tweets. As mentioned above in paragraph 18, Gilardi staff researched and compiled a list of Twitter accounts related to NCAA members schools. In all, over 1,300 accounts were compiled. The list included accounts in the following categories:

- i. Specific school sports such as football, basketball, or soccer;
- ii. Professional sports;
- iii. Coaches;
- iv. Players;
- v. Athletic departments;
- vi. Booster Clubs;
- vii. National sports news;
- viii. Local sports news; and
- ix. Known avid sports fans.

23. A copy of the list is attached as Exhibit 6.

24. After compilation of the list, Gilardi scheduled organic tweets to go to those accounts at various intervals during the notice period. The tweets provided basic information about the case from the class notice as well as the Settlement Website link. During the period between August 5, 2016 and November 30, 2016, Gilardi disseminated 1,457 organic tweets to these accounts. A complete list of the tweets, including the date, time and recipient, is attached as Exhibit 7.

SUMMARY AND RECOMMENDATION

25. As of January 9, 2017, Gilardi's supplemental notice efforts have generated over 40 million impressions, responsible for over 690,441 visitor hits to the Settlement Website. A summary report of the statistics collected for all media efforts is attached as Exhibit 8. After application of frequency capping to each media vehicle (Xaxis banner advertising, Twitter-promoted tweets, Facebook advertising, etc.), which limits ad exposure by IP address, Gilardi estimates over 9 million impressions were served to unique IP addresses. Because it is not possible to calculate which users may have been exposed to the notice through more than one media vehicle, the exact number of unique users reached is likely to be less. In other words, it is not possible to calculate whether the same individual who was exposed to the notice on Twitter, was also exposed to the notice through Facebook or through the Xaxis banner advertisements.

Using a conservative estimate that 25% of those individuals exposed to the notice also had opportunities to view the notice through the other media channels, the program still reached over 6 million unique individuals with interest in sports, and more specifically collegiate athletics.

26. The Class size was estimated to be approximately 4.2 million former collegiate athletes. As of January 9, 2017, Gilardi has collected approximately 3.6 million records for the purpose of providing direct notice. As mentioned in paragraph 20, Gilardi continues to receive data and expects the number to increase as the schools that have requested extensions submit their data. The current volume accounts for approximately 85% of the estimated Class size without factoring in undeliverable emails or postal mailings. In Gilardi's experience, the rate of undeliverable emails and postal mailings averages between 10% and 20% depending on the quality and age of those addresses. Using a conservative estimate of 30% for returned undeliverable mail, Gilardi expects that the direct notice efforts will reach approximately 70% of the Class Members.

27. Using the Random Media Combination RCT methodology described in paragraphs 59 through 67 of the 2015 Vasquez Declaration and factoring in the media efforts to date, it is Gilardi's opinion the Notice Plan will reach a minimum of 80% of the class and thus comply with Rule 23. The table below illustrates how the calculations were applied.

DIRECT NOTICE			
Class Size:			4,200,000
Number of Records Collected to Date:			3,600,000
Undeliverable Mail Rate:			0.30
Class Reached through Direct Notice			2,940,000
Percentage of Class Reached:			70.0%
RCT CALCULATION			
Direct Notice	1	0.7000	0.3000
Print	1	0.091	0.909
Banners	1	0.26425	0.73575
.30 x .909 x .73575 = .200639			
1 0.200639 0.799360975			
ESTIMATED REACH: 80%			

28. Depending on the actual amount of direct notice data collected between now and the final mailings, it is likely the reach will be closer to 85% or better.

29. At the time of planning, the assumption was to provide both direct and indirect notice, monitor both the paid and earned media over a 120-day period and then assess of the amount of direct notice, website traffic, major news outlet coverage and publication efforts in order to determine the amount of supplemental notice needed to reach an appropriate percentage of the Class Members. Based on the results of the media efforts already implemented and the number of records collected from NCAA member institutions to date, Gilardi believes no additional media efforts are needed.

I declare under penalty of perjury under the laws of the United States of America that the foregoing is true and correct.

Executed on this 13th day of January, 2017, at San Rafael, California.

notebookFIRST GENTLEMAN?
LET'S GOOGLE THAT

The people are dying to know what Bill Clinton will be called if Hillary Clinton wins the White House.

According to Google, "What will he be called?" was a top trending search for the former president this week.

But potential first lady Melania Trump still has the convention Google high mark, beating Bill Clinton by 5% for searches after speaking to Republicans in Cleveland last week. Mrs. Trump was caught up in a dust-up when it was discovered her speech contained a section from Michelle Obama's 2008 convention speech.

THEY WEAR THEIR
SUNGASSES AT NIGHT

Corey Hart isn't at the Democratic National Convention in Philadelphia, but the Ohio delegation will be wearing sunglasses Wednesday night.

And not just any sunglasses — special white ones that spell out O-H-I-O.

"They're fantastic," said Kathy Rollison, a Toledo delegate. "We'll certainly make a statement."

Former Ohio Democratic Party Executive Director Bill DeMora said the plan had been to sell them, but giving them away would mean the delegation could present a show of unity inside the arena.

After a less-than-smooth debut at the Democratic National Convention, Uber seems to have improved service for delegates and members of the media hoping to get in and out of the convention perimeter.

Michigan delegates were still feeling the Bern.

"Am I in the middle of something here?" asked Rep. Keith Ellison of Minnesota, a Bernie Sanders supporter whose speech at the Michigan delegate breakfast Wednesday was interrupted by disgruntled devotees.

"It's hard to be Bernie or Bust if Bernie isn't Bernie or Bust," Ellison said.

One goal in Philly: Wooing and wowing young women

Dems hope guest list is a magnet for Millennials

Maeve McDermott
@maeve_mcdermott
USA TODAY

PHILADELPHIA Young women of America: The Democrats are trying to serenade you.

Unlike last week's Republican National Convention, where the big-name stars were limited to celebs like Scott Baio and *Duck Dynasty*'s Willie Robertson, the Democratic National Convention has featured a long list of female musicians including Demi Lovato, Alicia Keys and Katy Perry and celebrities such as Lena Dunham, America Ferrera and Sarah Silverman, all speaking in support of nominee Hillary Clinton.

A pattern emerges from the guest list. They're young, female and have spoken out about feminism and liberal policies in the past. With more Millennial women voting for Bernie Sanders than Clinton in the primaries, the Democratic candidate's convention squad of feminist-friendly celebrities seems like a play for young women's votes.

"It's the younger women that she hasn't done as well with, and who she's really appealing to," said Michael Delli Carpini, Dean of the Annenberg School for Communications at the University of Pennsylvania.

Iowa delegate Sruthi Palaniappan, one of the convention's youngest at 18, was particularly inspired by Meryl Streep's feminism-championing speech. "This whole convention is about the impact young women can have on the political process," she said, explaining the power of seeing her celebrity role models support Clinton. "I think it's important not to just support a candidate because someone famous does, but to listen to why."

But as Clinton works to make herself as more relatable to young people, does surrounding herself with celebrities help or hurt?

According to Delli Carpini, endorsements work if the figure has expertise in an area, if they're a trustworthy figure to the public, or preferably both. He sees figures like Dunham and Lovato, who've established political activism as part of their brand, as wise allies for the Clinton campaign to make.

"Several of those people have that kind of authenticity, they've been active in political and social issues before this campaign, so they really do have that credibility," he said.

But some younger voters think differently about the Clinton campaign's motivations in bringing on celebrity endorsers.

"I don't know if Snoop Dogg endorsing Hillary means anything," said Aaron Ghitelman, 25, the communications manager of the political advocacy non-profit HeadCount. He pointed out that while the rapper, who's in Philadelphia supporting the Democratic candidate this week, supports legalizing marijuana, Clinton does not. "Snoop endorses Hillary, but she doesn't endorse legalization ... in that way, it kinda feels weird."

HeadCount hosted concerts at both the Republican and Democratic conventions aimed at registering Millennials to vote. Ghitelman recommends that politicians hoping to court Millennial voters focus on issues rather

than big-name endorsements.

"To a certain extent, to use a musician to win over supporters feels like pandering," he said.

For Alexis Waksmunski, a 23-year-old Sanders delegate from Pennsylvania, the big names appearing at Democratic conventions didn't repel her from the process, but rather pulled her in.

Attending the 2012 convention as a volunteer, she was moved enough by the big-name appearances and dramatic speeches to become further involved with her state's Democratic delegation, returning four years later as a delegate.

To further connect with voters, many of the celebrity speakers shared stories of overcoming adversity, with Lovato talking mental health, Dunham speaking about her sexual assault and Ferrera and Longoria discussing immigrants' experiences in the U.S.

But when Sarah Silverman, previously a vocal Bernie Sanders supporter, took the stage Monday night, she skipped the personal anecdotes. Instead, she declared she'd "proudly vote" for Clinton, before blasting the Vermont senator.

Waksmunski identified herself as one of those Clinton-friendly Sanders delegates. "The 'Bernie or bust' movement needs to realize what they're doing to the party as a whole," she said. "I agreed with (Silverman) ...we need to chill out."

LEGAL NOTICE

In re National Collegiate Athletic Association Student-Athlete Concussion Injury Litigation, Case No. 1:13-cv-09116 (United States District Court for the Northern District of Illinois)

NOTICE OF PROPOSED SETTLEMENT OF CLASS ACTION AND FAIRNESS HEARING FOR MEDICAL MONITORING AND RELEASE OF CLAIMS

If You Are a Current or Former Student-Athlete Who Played An NCAA-Sanctioned Sport at an NCAA School At Any Time Through July 15, 2016,

Your Rights May Be Affected by a Class Action Lawsuit

A Settlement, subject to court approval, has been reached in a class action lawsuit called *In re National Collegiate Athletic Association Student-Athlete Concussion Injury Litigation*, Case No. 1:13-cv-09116 (N.D. Ill.). It is pending in the United States District Court for the Northern District of Illinois.

What is The Lawsuit About?

The lawsuit claims that the NCAA was negligent and breached its duty to protect all current and former student-athletes by failing to adopt appropriate rules regarding concussions. The lawsuit seeks medical monitoring relief to diagnose possible long-term effects of concussions or the accumulation of sub-concussive hits for all current and former student-athletes. The lawsuit also seeks changes to the NCAA's concussion management and return-to-play guidelines.

The NCAA denies these allegations and denies it did anything wrong. If the Court does not approve the Settlement, the NCAA will argue, among other things, that the case should not be a class action. The Court has not decided whether or not Defendant did anything wrong.

Who Is Included?

You are a Class Member and included in the Settlement if you played an NCAA-sanctioned sport at an NCAA school at any time up to July 15, 2016.

What does the Settlement Provide?

The NCAA has agreed to a Medical Monitoring Fund of \$70,000,000, which, after deducting administrative costs, and attorneys' fees and expenses, will fund the screening of Class Members as well as medical evaluations for those Class Members who qualify as a result of the screening during the 50-year Medical Monitoring Program. The medical evaluations will be designed to assess symptoms related to persistent post-concussion syndrome, as well as cognitive, mood, behavioral, and motor problems that may be associated with mid- to late-life onset diseases that may be linked to concussions and/or subconcussive hits, such as Chronic Traumatic Encephalopathy and related disorders. In addition, the NCAA has committed \$5,000,000 to fund research regarding the prevention, diagnosis, care, and management of concussions and mid- to late-life neurodegenerative disease. The NCAA has also agreed to change its policies and procedures for concussion management and return to play. You can download the Second Amended Settlement Agreement from www.collegeathletconcussionsettlement.com or call the toll-free number listed below and request one.

Who represents you?

The Court appointed the law firms Hagens Berman Sobol Shapiro LLP and Siprut PC to represent you. You do not have to pay these attorneys or anyone else to participate. They will ask the Court for attorneys' fees and costs, which would be paid from the Medical Monitoring Fund. You may hire your own lawyer to appear in Court for you; if you do, you have to pay that lawyer.

What are your options?

- **Do Nothing and Remain in the Settlement.** If you do nothing, you are considered a participant in the Settlement. You will be bound by all Court orders. If the Settlement is approved, certain potential legal claims you may have against the NCAA will be resolved and forever released. Also, if the Settlement is approved, you will have the opportunity to complete a screening questionnaire to determine whether you qualify for up to two medical evaluations during the 50-year medical monitoring period.
- **Opt Out ("Exclude Yourself") from the Settlement.** You must submit a written request to Opt Out of the Class and the Settlement to the Notice Administrator. The complete, signed Opt-Out request must be mailed to the Notice Administrator **postmarked no later than March 10, 2017**. However, if you are a current NCAA student-athlete on or after 6 months after the Effective Date and your school fails to put in place a concussion management plan within six months of the Effective Date, you will have a second opportunity to opt-out so long as you do so within 12 months of the Effective Date.
- **Object or Comment on the Settlement.** Written objections must be filed and served no later than March 10, 2017. You give up your right to sue and are bound by Court orders even if your objection is rejected. If you file an objection, you may appear at the Fairness Hearing to explain your objection, but you are not required to attend.

The Court will determine whether to approve the Settlement and attorneys' fees and expenses at a Fairness Hearing to be held on **May 5, 2017, at 10 a.m.**, at the Everett M. Dirksen United States Courthouse for the United States District Court for the Northern District of Illinois, 219 South Dearborn Street, Chicago, Illinois. You may attend this hearing if you wish, but you do not have to attend in order to participate in the proposed Settlement.

SPORTS ILLUSTRATED TEAR SHEET

NIT-PICKING

The role Carroll (left) played in the INT by Butler that ended Super Bowl XLIX: questionable clockwork that left Seattle with few choices on the goal line.

When one last hook-and-lateral attempt by doctors at Emory Hospital in Atlanta came up short, Kathy drove Homer home for the last time. Former Browns GM Phil Savage (who'd been hired in Cleveland by a third-year coach named Belichick) visited Smith on Enterprise Avenue and was told by his mentor, "I won't be here next Friday."

That's when Kathy called their two daughters and asked them to come over with the grandkids (including Taylor Hall, a quality control coach and, yes, clock management specialist at Princeton) to say goodbye.

The image of those descendants trudging up the same staircase that Homer and Kathy had traversed in researching their book, a volume that contains as much humility as hard-won wisdom (in one case study, Homer described a costly error by UCLA, noting, "the author was the offensive coordinator and QB coach"), calls to mind a line from the original Homer, who was hailed by the ancient Greeks as *protos didaskalos*, "first teacher": "There is a time for many words, and there is also a time for sleep."

At the very end, with his daughters at his side and his wife holding his hand, the 79-year-old coach had something, Kathy says, that any man who has ever been embroiled in one of football's time-intensive predicaments—any coach who has played the percentages and lost, or has followed his gut, only to get punched there—has too little of in such moments.

"He knew he had love." □
